Full job description

Your new company

The client has developed a well-established reputation within the construction industry due to their consistent providing of high calibre services. They are renowned for their high-quality projects which are predominately on commercial sites. They have sites across the whole Sydney vicinity and are looking for experienced sheet metal workers to join their energetic team.

Your new role

The duties and responsibilities will consist of:

- Read drawing and working accordingly
- Installing duct systems
- Working with steel, stainless steel, aluminium and fibre glass
- Cutting and measuring duct on site
- Line chasing, measuring of various components as per drawings

What you'll need to succeed

- Must be trade qualified and have at least 5+ years of experience as a sheet metal worker
- Must have own tools + PPE + vehicle transport
- Must be able to read drawing and work accordingly
- Provide a reference within the last 12 months within the sheet metal industry
- Ambitious and optimistic mindset

What you'll get in return

Working for a well-established company with a strong possibility of ongoing work depending on personal performance. There is a strong emphasis on OHS on every site and zero tolerance for any form of discrimination. Attractive salary rates are in place which include weekend work rates as well as penalty rates

for over time + super.
