Full job description

Your new company

Fantastic opportunity has become available for a Refrigeration Technician to join a top tier mechanical engineering company who have projects won all over Sydney.

Our new client has gained a strong & reputable reputation within the industry and therefore has been able to secure a strong pipeline of work. Our client is looking to expand their team immediately.

Your new role

Duties and responsibilities will be to carry out:

- Air Conditioning installation tasks on commercial sites
- Installation of duct systems, split systems, condensed water systems and VRV/VRF systems
- Required to work with copper piping and PVC drains.
- Able to read drawings & work autonomously

What you'll need to succeed

- A trade qualification
- A minimum of 3-5 years experience
- A strong reference
- Commercial experience

What you'll get in return

- Full time role
- An attractive salary
- Opportunity for a company vehicle
- A strong pipeline of work
- A great team culture

What you need to do now
